KSCADE NETWORK PROGRAM DESCRIPTION

KSCADE (K-12 Schools & Colleges Alliance for Distance Education) is the name given to our Distance Education Learning Program. The KSCADE Network is comprised of area high schools, Fox Valley Technical College, Northwest Technical College.

Classes are Two-Way Interactive full motion video and audio transmission. This distance learning network will expand and enhance high school curriculum, and offer unique opportunities to students, youth and adults alike.

To be eligible to enroll in and participate in a Distance Education Course at Chilton High School the student must:

1. Receive Principal and Guidance Counselor approval (Past academic and behavior records will be used to determine approval)
2. Have on file a completed KSCADE Student Usage Agreement

Note: Some KSCADE classes may be cancelled due to low enrollment and/or other exigent circumstances.

FOX VALLEY TECHNICAL COLLEGE

WINNECONNE HIGH SCHOOL

ITV COURSE OFFERINGS 2014-2015

Course #: 5650

Credit: CHS: 1.0

Origination Site: Winneconne High School

Course Name: Introduction to Forensic Science (Blended)

Description: Welcome to the world of Forensic Science. It is a multidisciplinary applied science encompassing several sub-fields of biology, chemistry, physics, and crime science investigation. In this course, study will focus on forensic science concepts: evidence analysis, fingerprinting, DNA, serology, handwriting, pathology, tool marks, ballistics, and careers in forensic science. The primary emphasis in this course will be for students to deepen their understanding of the sciences by applying scientific concepts and to develop and extend their scientific skills and processes through problem-based learning. The learning strategies used will include lecture, labs, research, activities, videos, and field trips in a blended learning environment. This course will relate the above subject areas to real-life applications of criminal investigations. The format of this class will be a combination of videoconferencing (ITV) and coursework in the Blackboard online learning environment.

Prerequisite: B or better in Biology

<u>Course Length:</u>	Semester 1	X	Yearlong
		OR

**KSCADE STUDENT USAGE AGREEMENT
K-12 SCHOOLS & COLLEGES ALLIANCE FOR DISTANCE EDUCATION**

Two-Way Interactive Television Courses

Two-way interactive television is a delivery method utilized by districts in order to provide low-enrollment courses or courses lacking district qualified personnel.

Because of the uniqueness of two-way interactive television, the below listed standards are expected of participating students. This policy is intended to make both students and parents aware of these standards and to secure signatures of agreement.

AS A STUDENT TAKING A TWO-WAY INTERACTIVE COURSE, I AM AWARE THAT:

1. According to the Wisconsin State Law, the Chilton Public School District can and will require reimbursement for the cost of this course should the student receive a failing grade. Once students have registered for a course, you may be responsible for the course fees should you withdraw (withdrawal date charges vary by institution).
2. The Chilton Public School District reserves the right to deny approval of this course for any student who is not in good academic standing (2.75 GPA or higher), a habitual truant (5 absences or more), or does not receive recommendations from their current teachers.
3. Certain standards are expected of me. Insubordination of any kind **will not** be tolerated. (Insubordination has been defined as anything that interferes with teaching or learning in the classroom.)
4. Students dropping a distance learning class will be graded out according to the host school's policy. This process will be completed through communication of both school principals and their designee(s).
5. Disruptive behavior will not be tolerated. (Disruptive behavior is defined as, but not limited to, cheating, using inappropriate language or gestures, creating distracting noise, and/or leaving or entering class without teacher approval.)
6. Through the use of technology, all classroom activity may be recorded (taped).
7. Classroom procedures must be followed.
 - a. Students must sit within camera view at all times.
 - b. Students must not mishandle the equipment in the classroom.
 - c. Students must follow all other rules as specified by the teacher.

Infraction(s) of the above expectations will lead to the following disciplinary procedures:

FIRST OFFENSE:

The student will be given a verbal warning and told that his/her parent/guardian will be notified of the infraction. The classroom teacher or facilitator will send the letter to the parent/guardian. A copy of the letter will also be sent to the student's principal.

SECOND OFFENSE:

The student will be removed from the course permanently and may be required to reimburse the school district for all related distance education expenses.

SEVERE MISCONDUCT:

The student will be removed from the course permanently and will be required to reimburse the school district for all related distance education expenses.

I have read and understand the above policy and agree to abide by the rules stated.
