

The National Honor Society (NHS) is the nation's premier organization established to recognize outstanding high school students. More than just an honor roll, NHS serves to honor those students who have demonstrated excellence in the areas of Scholarship, Leadership, Service, and Character. These characteristics have been associated with membership in the organization since its beginning in 1921.

Today, it is estimated that over one million students participate in activities of the NHS and its middle level counterpart, the National Junior Honor Society (NJHS). NHS chapters are found in all 50 states, the District of Columbia, Puerto Rico and many U.S. Territories and Canada. Chapter membership not only recognizes students for their accomplishments, but challenges them to develop further through active involvement in school activities and providing community service.

The NHS chapter establishes rules for membership that are based upon a student's outstanding performance in the areas of scholarship, service, leadership, and character. These four criteria for selection form the foundation upon which the organization and its activities are built.
